IMED Resources 1510

Search: potassium in treatment of intestinal obstruction Map: ☒ USE thesaurus

Select: ☐ Overview ☐ Drugs/Guidelines ☐ Textbooks ☐ EBM ☐ Local ☐ Citations/e-Journals

Instructions: ENTER search terms and any boolean operators you wish to use (eg. asthma AND salbutamol) into the "search" box and then select a content group to search. Optionally, choose a thesaurus to map your terms to. Alternatively go directly to INDIVIDUAL RESOURCES using the "Go Direct" list at the top.

Examples:

- asthma and salbutamol - searches for content that must contain both terms
- adrenaline or noradrenaline - searches for content with either term
- "lung transplant" - searches for the phrase lung transplant (ie: words must be adjacent)
- title.asthma and author.phung x - search for specific title and author (citation databases, Cochrane only).

For more information on mapping and thesauri, click on the 'i' button next to the thesaurus selection list.
